

SS'27
GOLF FOOTWEAR

FRESH FOAM

Soft. Supportive. Adaptable.

Fresh Foam's unique geometric shapes are altered in size and shape to simultaneously provide ultra cush, cloud-like feel and perimeter stability to support the foot during the rotational forces of your swing.

DYNASOFT

Dynasoft cushioning delivers an ultra-responsive ride coupled with a plush comfort for an amplified performance experience.

ABZORB®

Abzorb is a superior blend of foam cushioning and compression set, featuring rubber.

FANTOM FIT

A skeletally engineered upper that provides ultralight support and fit.

Ndurance®

Rubber compound for maximum durability used in high wear areas.

CUSH+

A revolutionary insole foam compound. Offering ultra soft and responsive cushioning and comfort without sacrificing durability or stability.

New Balance Golf Fitting Guide

Shoes are made on forms called 'lasts', which create the shape of each shoe. New Balance's proprietary lasts give each shoe its own unique character, look, fit and feel. New Balance golf footwear uses three distinctive lasts, each designed to fit specific foot types and player preferences. In addition, most lasts are offered in multiple widths: D, 2E & 4E widths for men and B & D widths for women. This enables New Balance's golf footwear to fit a wide range of foot types, shapes and sizes.
